Re Letter of support

Dear Sir/Madame,

I am very happy that the Embassy of the Kingdom of the Netherlands has been part of the International Charity Bazaar since its founding in 2010. It is a unique event that brings together members of the international community and the citizens of Macedonia, and its meaning is at least two-fold: not only it enables promotion of each of the countries' cultures and products, but it also generates awareness and financial support for many marginalised groups in the society.

I would therefore wholeheartedly support the organisers of this event – Dobredojde Macedonia Welcome Centre in their future endeavours.

Sincerely yours,

Wouter Plomp  
Ambassador
